UNEMPLOYMENT CONFERENCE IS BEING PLANNED Diplomats of Old Regime in Germany Traveled to Slav Capital in Cognito

SAULT STE. MARIE, Mich., April 24.—There seems little doubt among marine men here that the Canadian lake steamer *Greenfield* with her crew of seventeen men and the lightkeepers of Caribou and Michipicott Island lights has become a victim of the storm of Wednesday last.

The Midland Press reported when she passed the locks that the last she saw the little steamer was battling bravely in the storm which suddenly broke loose Wednesday afternoon. Then she disappeared, but the Prince was unable to say whether she sank or became lost in the haze which came up.

Greenfield Pleads for Unity In Canada's East and West

MONTREAL, April 24.—A plea for closer unity between Canada's East and West was the keynote of an address delivered to members of the Canadian club today by Hon. Herbert Greenfield, premier of Alberta. "What we in Canada need," he said, "is a closer knowledge of each other. There is too much distinction between East and West. Let us forget petty jealousies and get together for the good of the Dominion."

Premier Greenfield vigorously defended the Western farmer, declaring that he was as good a Canadian citizen as could be found in the Eastern provinces or in the old country. There is no such thing as American domination in the West," he added.

ALBANY, N.Y., April 24.—Premier King made special reference to the Minister of Justice.

In brief, the resolution expressed the opinion that ministers of the crown should not hold directorships in any company, such as such, should resign all directorships held in such companies, and that the government should take steps to ensure that no large public utility companies.

The House presented such a resolution, which was carried by a vote of 105 to 44. But the setting had changed. McMaster took the floor from the shade of opposition, and the government which once was a Conservative administration.

OTTAWA, April 25 (By Canadian Press).—After a long and bitter debate, the house early this morning defeated by a vote of 142 to 59 the resolution of A. B. McMaster, Liberal member for Brome, on directorates and cabinet portfolios. From the government side of the house, Mr. McMaster secured only his own vote. All his Liberal colleagues voted against him. All the Progressives voted with him with the exception of T. G. McBride, of Carleton Place, and A. L. Beaubien, of Provencher. These voted in the negative, as did A. W. Neil, independent, Comex-Alberta.

Right Hon. Arthur Meighen and his Conservative followers voted with the government and against the resolution. The two Labour members supported Mr. McMaster.

UNEMPLOYMENT CONFERENCE IS BEING PLANNED

(Continued from Page One)

The Liberal party had undertaken to take steps to solve the unemployment problem, and the federal government had been asked to do so. It was admitted that there were twenty people out of work in Canada. This meant that approximately 148,000 men, women and children were directly affected. There was a serious situation in the whole of Canada. In the provinces of Ontario, Quebec, Manitoba and other places, in the West, there were about 2,000 unemployed men. It was believed that the unemployment had been a time when it was a man's fault if he was unemployed. With the growth of large industries, however, this condition had been changed. A new law had been passed which controlled industries and employed or discharged men. This law was not perfect, but it was a step in the right direction. If one of these great corporations closed down its plant, it meant that thousands of men were unemployed and these men could not find employment elsewhere.

Bank Is Blamed
